QUICK SETUP GUIDE

Before using the TV, please read this guide thoroughly and retain it for future reference. For more detailed instructions, please see the User Manual.
Declaration

Any content and service accessed through this device, while only intended for individual non-commercial use, shall be the property of the applicable third party and subject to protection by regulations and laws on copyright, patent, trademark and other intellectual property rights. No part of such content and service may be modified, duplicated, published, uploaded, distributed, translated, marketed, or used to make and distribute products derived from it without the prior permission of the content owner or service provider.

You acknowledge and agree explicitly that you will solely bear the risk associated with the use of this device, and further you will solely bear any risk related to satisfactory quality, performance and accuracy for any content and service accessed through this device. To the maximum extent permitted by applicable law, this device and any third party’s content and service is provided as it is without any guarantee, express or implied.

Manufacturer hereby declare explicitly that Manufacturer shall not be held liable for any guarantee and conditions, express or implied, related to this device and any content and service, including but not limited to warranty on marketability, satisfactory quality, fitness for a particular purpose, accuracy, quiet use and non-violation of any third party’s rights; to the maximum extent permitted by applicable law, Manufacturer gives no guarantee on the accuracy, validity, timeliness, legitimacy and completeness of any content or service provided through this device, or the fitness of such device, content or service for your particular requirement, or the protection from interruption and error during operation of such device, content or service; to the maximum extent permitted by applicable law, in any case, including fault or neglect, Manufacturer shall not be held liable for legal actions or indemnity obligation arising from any consequence as a result of or related to any information loaded in this device or use of such device, content or service by you or any third party.

Any content and service provided as it is together with this device shall be the property of the applicable third party, therefore Manufacturer gives no declaration or warranty on modification, suspension, cancellation, termination or abortion thereof, and shall not be held liable for legal actions or indemnity obligation arising thereof.

Manufacturer reserves the rights to restrict the use or access of certain content or service. As the content and service are transmitted through third party’s network and transmission facilities, Manufacturer undertakes no customer service thereof or the obligation for such customer service.
**Important Safety Precautions**

**ATTENTION**

**RISK OF SHOCK ELECTRIC**

Do not open the back cover. In no case the user is allowed to operate inside the TV set. Only a qualified technician is entitled to operate.

**ATTENTION**

The lightning flash with arrowhead symbol, within an equilateral triangle is intended to alert the user to the presence of uninsulated dangerous voltage within the product’s enclosure that may be of sufficient magnitude to constitute a risk of electric shock.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

Class II product: This symbol indicates that it does not require a safety connection of protective earthing (ground).

AC voltage: This symbol indicates that the rated voltage marked with the symbol is AC voltage.

---

**Disposal of Used Electrical & Electronic Equipment**

Packaging and electrical goods should be recycled appropriately, and not treated as household waste. Please dispose of this equipment at your applicable collection point for the recycling of electrical & electronic equipment waste. By ensuring the correct disposal of this product, you will help prevent potentially hazardous to the environment and to human health, which could otherwise be caused by unsuitable waste handling of this product. The recycling of materials will help conserve natural resources. Please do not therefore dispose of your old electrical and electronic equipment with your household waste. For more detailed information about recycling of this product, please contact your local city office, your household waste disposal service or the shop where you purchased the product.

**Warning**

If a television is not positioned in a sufficiently stable location, it can be potentially hazardous due to falling. Many injuries, particularly to children, can be avoided by taking simple precautions such as:

- Using cabinets or stands recommended by the manufacturer of the television.
- Only using furniture that can safely support the television.
- Ensuring the television is not overhanging the edge of the supporting furniture.
- Not placing the television on tall furniture (for example, cupboards or bookcases) without anchoring both the furniture and the television to a suitable support.
- Not standing the televisions on cloth or other materials placed between the television and supporting furniture.
- Educating children about the dangers of climbing on furniture to reach the television or its controls.
Important Safety Precautions

Safeguards

Please read the following safeguards for your TV and retain for future reference. Always follow all warnings and instructions marked on the television.

1. A note about safety and operating instructions
Read and follow all safety and operating instructions, and retain them safely for future reference.

2. Heed Warnings
Adhere to all warnings on the appliance and in the operating instructions.

3. Cleaning
Unplug the TV from the wall outlet before cleaning. Do not use liquid, abrasive, or aerosol cleaners. Cleaners can permanently damage the cabinet and screen. Use a lightly dampened cloth for cleaning.

4. Wall Bracket
After market brackets may be available to purchase locally. Please refer to the specification page for dimensions.

5. Water and Moisture
Avoid dripping or splashing of liquids onto the product. Objects filled with liquids, such as vases, should not be placed on the product.

6. Setting
Do not place this TV on an unstable cart, stand or table. Placing the TV on an unstable base can cause the TV to fall, resulting in serious personal injuries as well as damage to the TV. Use only a cart, stand, bracket or table recommended by the manufacturer or salesperson.

7. Ventilation
Slots and openings in the cabinet are provided for ventilation, to ensure reliable operation of the TV and to protect it from overheating. Do not cover the ventilation openings in the cabinet and never place the set in a confined space such as built-in cabinet unless proper ventilation is provided. Leave a minimum 10cm gap all around the unit, the rear of the TV should be 6cm away from the wall.
8. Power Source
This TV should be operated only from the type of power source indicated on the marking label. If you are not sure of the type of power supplied to your home, consult your appliance dealer or local power company.

9. Power-Cord Protection
Power-supply cords should be routed so that they are not likely to be walked on or pinched by items placed upon or against them, paying particular attention to cords at plug, wall outlets, and the point where they exit from the TV. MAIN plug is used as the disconnect device, the disconnect device shall remain readily operable.

10. Lightning
For added protection for this TV during a lightning storm, or when it is left unattended and unused for long periods of time, unplug it from the wall outlet and disconnect the antenna or cable system. This will prevent damage to the TV due to lightning or power-line surge.

11. Power Lines
An outside antenna system should not be located in the vicinity of overhead power lines or other electric light or power circuits, or where it can fall into such power lines or circuits. Where installing an outside antenna system, extreme care should be taken to keep from touching such power lines or circuits as contact with them might be fatal.

12. Overloading
Do not overload wall outlets and extension cords as this can result in a risk of fire or electric shock.

13. Object and Liquid Entry
Never push objects of any kind into this TV through openings as they may touch dangerous voltage points or short-out parts that could result in fire or electric shock. Never spill liquid of any kind on or into the TV.

14. Outdoor Antenna Grounding
If an outside antenna or cable system is connected to the TV, be sure the antenna or cable system is grounded so as to provide some protection against voltage surges and built-up static charges.

15. Servicing
Do not attempt to service this TV yourself as opening or removing covers may expose you to dangerous voltage or other hazards. Refer all servicing to qualified service personnel.
16. Damage Requiring Service
Unplug the TV from the wall outlet and refer servicing to qualified service personnel under the following conditions:
(a) When the power - supply cord or plug is damaged.
(b) If liquid has been spilled, or objects have fallen into the TV.
(c) If the TV has been exposed to rain or water.
(d) If the TV does not operate normally by following the operating instructions. Adjust only those controls that are covered by the operating instructions as an improper adjustment of other controls may result in damage and will often require extensive work by a qualified technician to restore the TV to its normal operation.
(e) If the TV has been dropped or the cabinet has been damaged.
(f) When the TV exhibits a distinct change in performance - this indicates a need for service.

17. Replacement Parts
When replacement parts are required, be sure the service technician has used replacement parts specified by the manufacturer or have the same characteristics as the original part. Unauthorized substitutions may result in fire, electric shock or other hazards.

18. Safety Check
Upon completion of any service or repair to the TV, ask the service technician to perform safety checks to determine that the TV is in safe operating condition.

19. Heat
The product should be situated away from heat sources such as radiators, heat registers, stoves, or other products (including amplifiers) that produce heat.

- Incorrect replacement of the battery may lead to the risk, including the replacement of another similar or the same type. Do not expose batteries to heat such as sun or fire or something like that.
- The device should not be exposed to dripping and spraying and it cannot be placed under objects filled with liquids.
- Main plug is used as the disconnect device, the disconnect device shall remain ready for operating.
Product image is only for reference, actual product may vary in appearance. Parts of the software function changes with the system upgrade.

Accessories List

The following accessories are included with TV:

User Manual × 1                Quick Setup Guide × 1                Base Stand × 2
Remote Control × 1                AAA Battery × 2                Power Cord × 1
Screw × 4
Installing the Stand

**CAUTION**

- Be sure to disconnect the A/C power cord before installing a stand or Wall-Mount brackets.
- The LED display is very fragile, and must be protected at all times when installing the base stand. Be sure that no hard or sharp object, or anything that could scratch or damage the LED display, comes into contact with it. DO NOT exert pressure on the front of the TV at any time because the screen could crack.

**NOTE**

Product images are only for reference, actual product may vary in appearance.

Follow the illustrations and textual instructions below to complete the installation steps:

1. Carefully place your TV face-down on a soft, flat surface to prevent damage to the TV or scratching to the screen.

2. Remove the 2 stands from the accessory bag and then insert the stands into the bottom slots of the TV.

3. Secure the Base Stand to the TV with the 4 screws in accessory tightly.

![Base Stand installation diagram]

**Screws:**

- ST4×20 (43"")
- ST4×30 (49"")
- M4×30 (55"")
- M4×12 (60"")
Installing the wall mount bracket (not included)

Before you begin the third-party manufacturer instructions, be sure to do the following things:
1. Place the TV face down on a clean, safe and cushioned surface.
2. Remove the TV stand if you already attached it.
3. Place the spacers (not included) in the corresponding bracket holes.

! CAUTION

- When you attach the mount, be sure to use the spacers (provided by the third-party manufacturer) between the TV and the bracket.
- To prevent internal damage to the TV and ensure it is mounted securely, be sure to use fixing screws (not provided) that are 9.5 - 11.5 mm in length when measured from the attaching surface of the mounting hook.

Installing the wall mount bracket (not included)

Follow instructions provided with the Wall mount bracket.

- To complete the installation, please contact the wall-mount manufacturer or the retailer from which you purchased the TV.
- The selected screws are 9.5 - 11.5 mm in length when measured from the attaching surface of the rear cover. The diameter and length of the screws differ depending on the Wall mount bracket model.

**NOTE**
The diameter and length of the screws differ depending on the wall mount bracket model.
### TV Front

#### Item Description

<table>
<thead>
<tr>
<th>Item</th>
<th>Description</th>
</tr>
</thead>
</table>
| Remote sensor         | Receives remote signals from the remote control.  
                          Do not put anything near the sensor, as its function may be affected. |
| Power indicator       | The light is off when turned on. Lights up in standby mode.                  |
| OK                    | Select among the different input signal sources and put the TV in standby mode, and you can turn on the TV when TV is in standby mode. |
|                       | Toggle the OK button left and right to adjust the volume.                    |
|                       | Toggle the OK button up and down to select the channel.                      |

### NOTES

- The Picture is Only for Reference.
- Powering on the TV requires several seconds to load programs. Do not rapidly turn the TV off as it may cause the TV work abnormally.
**NOTES**

- ANT2 Jack supports power supply for satellite antenna (13/18V, 0.5A max.)
- Check the jacks for position and type before making any connections. Loose connections can result in image or color problems. Make sure that all connections are tight and secure.
- Not all A/V devices have the ability to connect to a TV, please refer to the user’s manual of your A/V device for compatibility and connections procedure.
- Before connecting external equipment, remove the mains plug from the wall socket. Otherwise, it may cause electric shock.
LAN (Wired setup)

Connect your TV to your network by connecting the LAN port on the back of your TV to an external modem or router using a LAN (Ethernet/Cat 5) cable. See the illustration below.

- We recommend to use a modem or router that supports Dynamic Host Configuration Protocol (DHCP). Modems and routers that support DHCP automatically provide the IP address, subnet mask, gateway, and DNS, so you don’t have to enter them manually. Most home networks already have DHCP.

Wireless setup

Connect your TV to your network wirelessly, you need a wireless router or modem. See the illustration below.

- The built-in Wireless LAN Adapter supports the IEEE 802.11 b/g/n communication protocols. We recommend using IEEE 802.11n router. Low transfer rates for b/g may have the influence on the quality of streamed videos and other media.

NOTES

- You must use the built-in Wireless LAN Adapter to use a wireless network because the set doesn’t support external USB network adapter.
- If the wireless router supports DHCP, your TV can connect more easily to the wireless network.
- If you apply a security system other than the systems listed below, it will not work with the TV.
  security system: WPA, WEP, WPA2.
- In order to guarantee smooth network, the distance between router and TV should be less than 10 meters.
Making Connections

**HDMI 1(MHL)** Connect an MHL cable (not provided) from your MHL-enabled device, such as a cell phone.

![HDMI 1(MHL) diagram]

**HDMI 2(ARC)** Connect an HDMI cable from an external digital audio system.

ARC enables the TV to directly output the digital sound through an HDMI cable. Please note that it works only when the TV is connected to the audio receiver that supports the ARC (Audio Return Channel) function. When this port is used as the ARC function, it can't be used as signal input at the same time.

![HDMI 2(ARC) diagram]

**HDMI** Connect an HDMI cable from an external A/V equipment.

Some devices such as DVD player require HDMI signal to be set to output in the device’s settings. Please consult your device user manual for instructions. Please note that the HDMI connector provides both video and audio signals, it’s not necessary to connect an audio cable.

![HDMI diagram]

**NOTES**
- Sources of UHD (4K) content must be connected to the HDMI1 / HDMI2 / HDMI3 input.
- The repetition rate is fixed at 100%, and it can not be adjusted.
- Only HDMI1 / HDMI2 ports support HDR (High-Dynamic Range).
**Making Connections**

- **ANT** Connect an outdoor VHF/UHF antenna or cable.

  ![Diagram of antenna connection](image)

  - **TV JACK**
    - ANT 1
      - DVB-T/T2/C
    - or
    - Cable
    - Antenna Cable (75Ω)
    - Outdoor Antenna
    - VHF/UHF Antenna
    - (not included)

- **ANT** Connecting a satellite antenna.

  ![Diagram of satellite connection](image)

  - **TV JACK**
    - ANT 2
      - DVB-S/S2
    - (not included)

- **HEADPHONE** Connect Headphone for audio out of the TV.

  ![Diagram of headphone connection](image)

  - **TV JACK**
    - HEADPHONE
    - Headphone (not included)

- **DIGITAL AUDIO OUT** Connect to an external digital audio device.

  Before connecting a digital audio system to the DIGITAL AUDIO OUT jack, you should decrease the volume of both the TV and the system to avoid that the volume suddenly becomes bigger.

  ![Diagram of audio output](image)

  - **TV JACK**
    - DIGITAL AUDIO OUT
    - DIGITAL AUDIO cable (not included)
    - Audio Amplifier/Speaker
**Making Connections**

**USB**

Connect the USB devices such as hard drives, USB sticks and digital cameras for browsing photos, listening music and watching recorded movies.

**NOTES**

- When connecting a hard disk or a USB hub, always connect the mains adapter of the connected device to the power supply. Exceeding a total current consumption may result in damage. The USB1.1 and USB2.0 devices maximum current consumption are 500mA. The USB3.0 device maximum current consumption is 1A.
- For individual non-standard high-capacity mobile hard disk, if it's impulse current is greater than or equal 1A, it may cause TV-rebooting or self-locking. So the TV does not support it.
- The USB port supports a voltage of 5V.

**COMMON INTERFACE**

Insert the CI+ module for watching scrambled services like pay-tv channels or some HD channels.

**NOTES**

- Before you insert/remove the CI+ module, ensure that the TV is switched off. Then insert the CI card into the CI+ module in accordance with the Service Provider’s instructions.
- Do not repeatedly insert or remove the Common Access Module as this may damage the interface and cause a malfunction.
- You must obtain a CI+ module and card from the service provider of the channels you want to watch.
- Insert the CI+ module with the SmartCard in the direction marked on the module and SmartCard.
- CI+ is not supported in some countries and regions; check with your authorized dealer.
COMPONENT IN  Connect a component cable and an audio cable from an external A/V Device.
The component output ports Y, P_B and P_R on the VCD or DVD can sometimes be identified as Y, C_B and C_R.

AV IN  Connect the composite cable from an external A/V Device.
Use the audio and video cables to connect the external A/V device’s composite video/audio jacks to the TV’s jacks. (Video = yellow, Audio Left = white, and Audio Right = red)
Remote Control

1. **POWER**: Switch the TV on or into standby mode
2. **INPUT**: Select input sources
3. **Channel Number**: Direct channel selection or numbers input
4. **EPG**: Display the Electronic Program Guide (DTV mode)
5. **Info**: Display the present program information such as the current channel and the input source
6. **Color keys for direct selection of options**
7. **SETTING**: Display the Settings menu
8. **Fast access to all applications**
9. **▲ / ▼ / ◀ / ◁**: Allows you to navigate the OSD menus and adjust the system settings to your preference
10. **OK**: Confirm the selection in the OSD menus
11. **BACK**: Return to previous menu
12. **EXIT**: Exit the menu
13. **HOME**: Enter the Smart
14. **CH.List**: Display the Channel List on the screen
15. **VOL + / -**: Adjust the volume
16. **CH + / -**: Switch channel
17. **MUTE**: Mute or restore the TV sound
18. **Playback keys**
19. **PVR**:Record the current program (DTV mode)
20. **NETFLIX**: Press to launch NETFLIX instant video streaming
21. **YouTube**: Enter the YouTube app
22. **Subtitle**: Activate or deactivate the subtitle mode
23. **TXT**: Turn on/off the teletext function
 Installing Batteries in the Remote Control

1. Slide the back cover to open the battery compartment of the remote control.
2. Insert two AAA size batteries. Make sure to match the (+) and (-) ends of the batteries with the (+) and (-) ends indicated in the battery compartment.
3. Close the battery compartment with the cover.

NOTES

- Product image is only for reference, actual product may vary in appearance.

Handling the Batteries

- Incorrect use of batteries may cause corrosion or battery leakage, which could cause fire, personal injury or damage to property.
- Only use the battery type indicated in this manual
- Do not mix old and new batteries or different types of batteries.
- Do not dispose of used batteries as domestic waste. Dispose of them in accordance with local regulations.

 Remote Control Operation Range

1. Point the remote control at the TV within 6 metres from the remote control sensor on the TV and within 60° in front of the TV.
2. The operating distance may vary depending on the brightness of the room.
Turning the TV on for the First Time

1. Connect the mains cable to the mains socket after you have completed all the connections.
2. The first time you turn the TV on, it will go straight into the Installation Guide.
3. Press the [▲ / ▼ / < / >] buttons to navigate the menu and change the settings. Press the [OK] button to confirm.
